RCSSC is an organization that encourages members not to take winning or losing too seriously, and stresses that the social aspects of the league are really more important than a win or a loss.

- We expect all participants to behave in a sportsmanlike manner, on and off of the field. We strive to ensure that each member "shows that he or she has qualities of fairness, courtesy, and grace in winning and in losing."
- Unsportsmanlike behavior will result in a player/team being suspended or removed from participating in all RCSSC sports.
